AN INTRODUCTION TO MACOMB COUNTY

The first white settlement in Macomb County was built in 1784 on the banks of the Clinton River, then known as the Huron River. A missionary group known as the Moravians pitched their tents on the south bank of the river approximately three miles west of Mt. Clemens, in the summer of that year. Known as "New Gnadenhutten", the mission had the distinction of being the first settlement in the State of Michigan. Four years later the Moravians were forced to leave the area by the Chippewa Indians.

In 1796, a settlement was established again on the Clinton River by a man named Christian Clemens. This settlement, later named Mount Clemens, was located a few miles downstream from the one previously established by the Moravians. The area of Macomb County was then part of Wayne County which included almost the entire State of Michigan and portions of Ohio, Indiana, Illinois and Wisconsin.

In 1818, Macomb County (named after General Alexander Macomb) was formally organized as the third County in the State of Michigan, after Wayne and Monroe Counties. At that time, it covered a much larger area than it does today, extending north through much of the thumb area, east to Lake Huron, and west to the middle of the State. The southern boundary, Eight Mile Road, served as the baseline of the State. In 1819 and 1820, large portions of the County were removed to form the Counties of Oakland, Lapeer, Genesee, and St. Clair. Two years later, the current boundaries were reached when small portions of land were added back to the County.

Urbanization in Macomb County paralleled that of most of other areas in the eastern United States during the nineteenth century. Mainly devoted to agriculture, the

County contained a number of villages where population was concentrated. By 1920, two significant developments occurred that would shape the future of Macomb. The first was the establishment of Selfridge Field near Mount Clemens in 1917, which was to spur growth of that area. The other development, much more significant, was the beginning of the urbanization movement northward from the City of Detroit.

Macomb County is located within the northern segment of one of the largest metropolitan areas in the nation. As such, it enjoys the benefits of the larger urban center, Detroit, while still possessing suburban and rural characteristics.

The County Seat, Mount Clemens, is approximately twenty miles north of the City of Detroit, 80 miles north of Toledo and 285 miles northeast of Chicago. Excellent highway routes to Canada and all parts of the United States accentuate Macomb County's favorable location. The dynamics of the Detroit Metropolitan Area are reflected in the substantial residential, commercial and industrial development of the County.

The locational advantages of the County are among its best assets. These include:

- A good system of interstate, State and County highways, with more to be constructed;
- Close proximity to important business and industrial centers in the State;
- Large recreation facilities located within the County;
- Open land for the development of residential, commercial, industrial and recreational uses;
- Access to the commercial and recreational advantages of the Great Lakes.

These factors continue to play a large part in the growth of Macomb County. Currently, the population of Macomb County is approximately 686,000 persons.

Only 482 square miles in area, Macomb County is the ninth smallest of Michigan's 83 counties, yet it has a popula-

tion which ranks third in the State and is larger than that of seven states and the District of Columbia.

Macomb County is known as "The Boating Capital of the World" since there are over 40,000 pleasure crafts registered in the County, most of which are berthed at the 91 marinas and at homes located on the many miles of canals and shoreline.

There are four privately licensed airports in the County. Selfridge Air National Guard Base in Harrison Township is the home of elements of the active Air Force, Air Force Reserve, Air National Guard, Army, Navy, Marine Corps and Coast Guard. Selfridge takes pride in being the only base to have permanently assigned flying units from all five of the uniformed services.

Each of the automotive "Big Three" has extensive operations in Macomb County, the largest being the General Motors Technical Center, located in Warren. The Tech Center is where many General Motors products are developed and it's often called "the magic square mile." The site covers more than 1,000 acres and the entire research complex was designed by Eero Saarinen.

Chrysler Corporation has eight operations in the County, including the new Sterling Heights Assembly Plant which began operation in late 1984.

Romeo is the home of Ford Motor Company's Michigan Proving Grounds and Tractor and Equipment Plant, two of eight Ford operations located in Macomb County. Ford's newly expanded Vinyl Plant and Paint Plant in Mount Clemens, two automotive assembly operations in Utica and Chesterfield, the Sterling Axle Plant and the Van Dyke Transmission and Chassis Plant complete Macomb's Ford family.

Agriculture is an important industry in Macomb County. Its diversified program includes such products as roses, mushrooms, bedding plants, sod, cash crops, vegetables, nursery stock, fruit, dairy and beef. These are but a few of the total of twenty-one different agricultural enterprises flourishing in Macomb County.

GENERAL INFORMATION

COUNTY OFFICERS

The Michigan Constitution provides that the voters of each county must elect a Prosecuting Attorney, Sheriff, County Clerk, Register of Deeds, County Treasurer and Drain Commissioner or Public Works Commissioner every four years.

CLERK AND REGISTER OF DEEDS

Macomb County has combined the Clerk and Register of Deeds offices and Edna Miller holds that office.

Over 1,110 different services are performed by the office of the County Clerk, most of them statutory.

The County Clerk is clerk of the Circuit Court and clerk of the following Boards: Board of Commissioners, Board of Election Commissioners, Tax Allocation Board, Board of County Canvassers, County Plat Board, Civil Service Commission, Election Scheduling Committee and Concealed Weapons Licensing Board.

Other functions of the Clerk are primarily record keeping in nature. The Vital Records Section has records of county births and deaths from 1867, marriage licenses issued from 1819. Certificates of assumed names and co-partnerships, records of discharges of military personnel and records of those persons authorized to practice certain professions are some of the various records the Clerk is required by law to keep. The Clerk issues marriage licenses, notary public commissions, concealed weapon permits and processes passport applications and naturalization petitions.

All Circuit Court cases, both civil and criminal, are started in the Clerk's office and records of these cases, dating from 1848 are kept there.

The Clerk's Election Department conducts state and

county elections. The canvass of votes in state, county school and some city and township elections is under the jurisdiction of the County Clerk who is responsible to the Michigan Secretary of State for certified results of elections.

The Register of Deeds records all deeds and mortgages which have to do with properties located within the boundaries of Macomb County. All subdivision plats within the county are also on record in the Register's office. Financing statements on automobiles and other personal property are filed, as are attachments, lis pendens, federal tax liens, Michigan tax liens, mechanics liens and Sheriff's deeds.

PROSECUTING ATTORNEY

The Prosecuting Attorney, Carl J. Marlinga, is the chief law enforcement officer in the County. The office is established by the Michigan Constitution and the duties and qualifications of the Prosecuting Attorney are set by statute.

The Prosecuting Attorney is a sworn impartial arbiter, charged with the conduct of criminal prosecution of the violations of state criminal laws in the interest of the people. As a minister of justice, he is also charged with defending those unjustly accused.

He represents the County in all Courts of the County and before the Supreme Court and Court of Appeals in criminal matters in which the state or county is interested.

In Macomb County, the Prosecuting Attorney's office is on the Sixth Floor of the Court Building. It is staffed with 38 attorneys — Prosecuting Attorney Marlinga and his 37 appointed Assistants. They service the District Courts, Municipal Courts, the three divisions of Probate Court and eight Circuit Courts.

PUBLIC WORKS COMMISSIONER

The basic job of Macomb County Public Works Commissioner Thomas S. Welsh is to build a more livable land.

It's an assignment that thrusts his office into the forefront of a wide range of public works activities . . . activities such as flood control, pollution control, water management, sewage treatment, solid waste disposal, subdivision plat review, soil erosion control, parks and recreation, and construction of storm drains, water lines and sanitary sewers.

His involvement in these programs is extensive and includes responsibility for initial planning, final design, sale of bonds, securing federal/state grants, construction, inspection, maintenance, repair, administration and debt retirement.

Facilities owned or operated by the office include three sewage treatment works, 42 waste water pump stations, 20 storm water retention basins/pump stations, 668 miles of storm drains, 174 miles of sanitary sewers and 43 miles of water lines.

The Public Works Commissioner is chairman of the Intra-County Drainage Boards, secretary/member of the Inter-County Drainage Boards, agent for the Macomb Sanitary District and a statutory member of the Parks and Recreation Commission and Technical Review Committee of the County Solid Waste Planning Committee.

SHERIFF

Sheriff William H. Hackel's jurisdiction encompasses the entire County. As a law enforcement agent, it is his sworn duty to enforce all laws and to protect the lives, property and welfare of the people.

So that he may fulfill these obligations, he maintains a Sheriff's Patrol, a Marine Patrol, SCUBA divers, polygraph facilities, identification bureau and many other services.

In addition, it is his responsibility to confine and secure all prisoners in the County jail, providing them with proper food and health facilities.

Not only does the Sheriff have criminal jurisdiction, his responsibility also deals in civil process.

The Sheriff is one of three members of the Concealed Weapons Licensing Board.

TREASURER

The County Treasurer, Adam E. Nowakowski, is custodian of all monies and securities of Macomb County. He is treasurer of the County Employees' Retirement System and, by virtue of his office, is a member of the County Election Commission, County Plat Board and County Tax Allocation Board. He is administrative agent and coordinator of all automated tax roll services. A primary and mandatory duty of his office is settlement of local units for current tax collections and collection of all delinquent real taxes. He is the Administrative Agent of the Delinquent Tax Revolving Fund. The office is responsible for accounting of all revenue, investments, securities, and monies in financial institutions; sale and distribution of dog licenses to local units of government; collection of inheritance tax for the State of Michigan; certification of deeds and plat maps and other documents pertaining to tax histories and litigations; also conduct of the annual Tax Sale on behalf of the State Treasury. The functions of this office are dictated by state statutes, along with guidance of the Bureau of Local Government Services Audit Division, State Treasury Department.

BOARD OF CANVASSERS

Each county must have such a board to canvass all state, county, school and some city and township elections. After the primary and general elections, the board reviews, analyzes and scrutinizes results to determine who has been nominated in primary elections and which candidates are elected in general elections. After the general elections, the board delivers certificates of election to the County Clerk. The board is also empowered to conduct recounts in certain elections.

COMMUNITY MENTAL HEALTH SERVICES

The Community Mental Health Services Board is responsible for providing mental health, substance abuse, and developmental disabilities services in the county through both directly operated and contract agencies. The program is supported by state and county funds as well as individual fees and insurance reimbursement.

The agency now funds 39 separate service programs, including a 24-hour telephone crisis center, a 24-hour psychiatric emergency service, two mental health outpatient centers for children and families, six mental health outpatient centers for adults, twelve substance abuse treatment and prevention programs, nine rehabilitation workshops/day programs and three residential group homes for developmentally disabled persons, counseling and diagnostic services, client services management functions, a rape crisis program, vocational services, and mental health and substance abuse programs for persons in the county jail.

Programs are initiated and overseen by the Macomb County Committee on Community Economic Opportunity and the Macomb County Board of Commissioners.

CONCEALED WEAPONS LICENSING BOARD

Michigan law states that the Prosecuting Attorney, the Sheriff and the Commissioner of the Michigan State Police, or their respective authorized deputies, shall constitute boards exclusively authorized to issue licenses for carrying concealed weapons to applicants residing within the county. The County Clerk is the clerk of the board and issues such licenses as approved by a majority of the board.

This MACMIS System is an integrated, comprehensive criminal justice system for courts-prosecutors-corrections components and is designed to provide a comprehensive method for timely data capture, access and retrieval of information. The Policy Committee, through a Coordinator, reviews applications for terminal requests, provides for security checks for all personnel assigned to have access to computerized information, process complaints against personnel for security violations, provides users training, dissemination of authorized material and acts as liaison for the courts, law enforcement, and corrections components of the system.

MACOMB/ST. CLAIR EMPLOYMENT AND TRAINING AGENCY

The Macomb County Board of Commissioners receives federal funds under the Job Training Partnership Act to operate an employment and training program which leads to unsubsidized employment for unskilled adults and youth. A variety of activities and services include training in the class room and on the job, as well as provisions for transportation allowances, child care, medical examinations and counseling. These funds are also used to enhance the economic de-

velopment in Macomb County. For more information on this program, contact 1-800-USA-WORK or 1-800-USA-JYPA.

MACOMB INTERMEDIATE BOARD OF EDUCATION

The Board of Education provides a variety of services for local school districts, including business and instructional computer support, instructional and non-instructional consulting, instructional media support, and consulting/clinical services for handicapped children and their parents.

In addition, the Board operates seven schools servicing the more severely mentally and emotionally impaired — extending such services to children residing in the Macomb-Oakland Retardation Center; and provides transportation for all students attending its schools. In another area, the District assists the State Department of Education in auditing roles and in teacher certification recording and reporting. The District serves as a middle agency in the three tier school system (State — Intermediate — Local) servicing both State and local schools.

MANAGEMENT SERVICES

This department is maintained by the Board of Commissioners to assist all county departments and agencies in analyzing and implementing improvements in office procedures, and where feasible, to design and implement computer data processing systems for more efficient and economical operation.

Management Services is composed of 3 sections: Computer data processing operations, systems, and data entry.

Date processing operations maintains a computer and the peripherals necessary to provide fast and efficient record keeping and report preparation.

Systems is charged with the responsibility of surveying, proposing, and implementing improvements in office procedures, and where feasible, to automate manual procedures.

The data entry section is responsible for all information required as input to the computer, and is also responsible for the entry of data via computer terminals, and the training of terminal operators.

PARKS AND RECREATION COMMISSION

The ten member Commission was established in 1966 by the Board of Commissioners for the study, acquisition and development of needed parks and open space. Functioning under the Board of Commissioners, the Commission developed the William Tuckar County Park near the Clinton River Spillway and the Macomb County Park at 15000 Metropolitan Parkway near Schoenherr Road. The Macomb County Park popularly known as Freedom Hill, is the scene of many events including festivals, shows and musical events. Located at the park is the multi-purpose recreational Independence Building. The William Tuckar County Park hosts picnicking and fishing.

PLANNING COMMISSION

The Macomb County Planning Commission was created under the County Planning Act, P.A. 282, of 1945, as amended. Established in 1956, the nine member Planning Commission is responsible for examining the existing resources and needs of the County, projecting future growth for the next 20 to 30 years, and suggesting a means by which this growth can be guided.

Primary activities of the Commission include research, program development and undertaking special projects for the Board of Commissioners as well as providing planning, graphic arts and audio-visual assistance to other County departments. The Planning Staff conducts a wide range of major program activities under the direct auspices of the Board of Commissioners.

Separate administrative divisions include the Community Development Block Grant Program, Solid Waste Management Planning and Economic Development Prog-

rams including the Macomb County Community Growth Alliance.

In addition, the Planning Commission prepares detailed maps of the County and individual municipalities, including school districts and road systems. They also prepare statistical reports on population, economics, land use and other planning related activities.

PLAT BOARD

A plat is a plan or description for subdividing land. State law requires that a County Plat Board be created to examine and pass upon all proposed plats as to suitability, conformity to general plan, possible conflicts with other plats and conformance with street and alley layouts of adjacent plats. This board consists of the Chairman of the Board of Commissioners, the County Clerk and Register of Deeds and the County Treasurer.

PROBATE COURT

The Court has exclusive jurisdiction for: the administration of deceased persons' estates; inter-vivos and testamentary trusts; appointment of guardians and conservators for minors and legally incapacitated adults; determination and administration of disappeared persons' estates; name changes; secret marriages and waiver of certain requirements to obtain a marriage license; civil proceedings regarding the mentally ill and developmentally disabled person.

The Juvenile Division of Probate Court has original jurisdiction in cases involving juvenile delinquents, neglected and dependent children, adoptions and cases involving juvenile delinquents under 17 years of age and concurrent jurisdiction with Circuit Court for those 17 years of age.

RADIO DEPARTMENT

The Radio Department has the responsibility of system design, maintenance and coordination of municipal public

safety radio systems for Macomb County and its political subdivisions. This includes all Federal Communications Commission licensing, writing specifications for and acting as consultant to the various police, fire, highway maintenance, departments of public works, and other agencies using two way radios. Macomb is the only county in the state offering this service for the benefit of the public.

REIMBURSEMENT DEPARTMENT

The department handles accounts established by the Probate Courts and other county agencies. It takes care of matters pertaining to billings and collecting of costs of Youth Home and boarding home care of children and juvenile, private mental hospital care costs, state institutional costs, resident county hospitalization program for which the county is responsible and other miscellaneous accounts. The department audits time and costs of the above mentioned accounts as well as investigating the ability of the responsible persons to reimburse the county for services rendered. The department works closely with the Probate Court and State of Michigan and makes recommendations regarding reimbursement.

BOARD OF ROAD COMMISSIONERS

The three Road Commissioners are appointed by the Board of County Commissioners to operate the Road Commission in accordance to the procedures as outlined in Act 51 of Public Acts of 1951, as amended.

The duties of the Road Commissioners are to formulate policies for the administration of the Motor Vehicle Highway Funds (gasoline and weight tax) the only source of State revenues as received by the Road Commission Board for construction and maintenance of approximately 2,692 lane miles of County primary and local systems, and for the construction and maintenance of approximately 700 bridge and drainage structures under the jurisdictional authority of the Road Commission Board.

SOCIAL SERVICE BOARD

The law requires that each county create a Social Services Board consisting of three members. The Board is responsible for supervising and evaluating the administration of adult hospitalization, medical care facilities (Martha T. Berry Memorial Medical Care Facility) and county foster care for children. The Board also represents the "public interest" and assures appropriate accountability for programs and services administered by the Macomb County Department of Social Services.

DEPARTMENT OF SOCIAL SERVICES

The program and administrative costs of the Department are both state and federally funded. The employees are classified as state employees under the jurisdiction of the rules and regulations established by the Michigan Civil Service Commission as well as by labor contracts. The County department, under the direction of the Michigan Department of Social Services, administers the following financial assistance programs — Aid to Dependent Children, General Assistance, Food Stamps, Emergency Needs, Medical Assistance. It also administers the following social services programs — Children's Protective Services, Adult Protective Services, Adoption, Foster Care, Community based services for Delinquent Children, Foster Care Home licensing, Employment and Training programs, Adult Services and Prevention Services for Families.

TAX ALLOCATION BOARD

State law requires that each county have a board to allocate the constitutional 15 mill tax levy between the county, townships and school districts, on the basis of need, as determined by a survey of the tentative budgets submitted by each of the units.

BOARD OF TAXATION (EQUALIZATION DEPARTMENT)

This department maintains assessment and equalization records, surveys, assessments and assists the Board of Commissioners in the matter of equalization of assessments and assists the local assessing officers in the performance of any duties imposed upon such officers. This includes development and maintenance of accurate property descriptions, the discovery, listing and valuation of properties for tax purposes and the development and use of uniform valuation standards and techniques for the assessment of property.

TRAFFIC SAFETY ASSOCIATION OF MACOMB COUNTY

State law allows each county to establish countywide traffic safety organizations. In 1965 the County established the Traffic Safety Association of Macomb County to provide assistance to all public officials in dealing with traffic safety matters.

Operating funds and leadership are provided by local communities, the county and private industry. In addition to direct assistance to communities, the Association develops public information for the motoring public to assist in making Macomb a safer place for everyone to drive and walk in.

The Alcohol Highway Safety Program is administered by the Association. The program is an educational approach to the problem of drinking and driving. Judges and Secretary of State personnel refer participants to the program.

VETERANS AFFAIRS

This department provides assistance to veterans and/or their dependents with filing claims for federal benefits with the Veterans Administration. These benefits consist of disability compensation, pensions for veterans, pensions for widows and/or minor children, federal burial allowances,

headstones, government life insurance, educational and vocational programs and medical and dental outpatient treatment or hospitalization in Veterans Administration hospitals.

The Veterans' Affairs department also administers the county burial allowance program, the soldiers' relief program and the Michigan Veterans Trust Fund. Special counseling is furnished on many problems affecting the veteran and/or his dependents.

Dominating the emblem of Macomb County is the County outline flanked by a sailboat and three gears which represent recreation and industry, two of the county's greatest assets. The banner traversing the County's outline contains three triskelions, an age-old symbol, representing progress. The date, 1818, is the year Macomb County was established. Circumscribing the emblem are the words Macomb County and Michigan, separated by five-pointed stars — symbols of quality.
