AN INTRODUCTION TO MACOMB COUNTY

The first white settlement in Macomb County was built in 1784 on the banks of the Clinton River, then known as the Huron River. A Missionary group known as the Moravians pitched their tents on the south bank of the river approximately three miles west of Mt. Clemens, in the summer of that year. Known as "New Gnadenhutten," the mission had the distinction of being the first settlement in the State of Michigan. Four years later the Moravians were forced to leave the area by the Chippewa Indians.

In 1796, a settlement was established again on the Clinton River by a man named Christian Clemens. This settlement, later named Mount Clemens, was located a few miles downstream from the one previously established by the Moravians. The area of Macomb County was then part of Wayne County which included almost the entire State of Michigan and portions of Ohio, Indiana, Illinois and Wisconsin.

In 1818, Macomb County (named after General Alexander Macomb) was formally organized as the third County in the State of Michigan, after Wayne and Monroe Counties. At that time, it covered a much larger area than it does today, extending north through much of the thumb area, east to Lake Huron, and west to the middle of the State. The southern boundary, Eight Mile Road, served as the baseline of the State. In 1819 and 1820, larger portions of the County were removed to form the Counties of Oakland, Lapeer, Genesee, and St. Clair.

Two years later, the current boundaries were reached when small portions of land were added back to the County.

Urbanization in Macomb County paralleled that of most of the other areas in the eastern United States during the nineteenth century. Mainly devoted to agriculture, the County contained a number of villages where population was concentrated. By 1920, two significant developments occurred that would shape the future of Macomb. The first was the establishment of Selfridge Field near Mount Clemens in 1917, which was to spur growth in that area. The other development, much more significant, was the beginning of the urbanization movement northward from the City of Detroit.

Macomb County is located within the northern segment of one of the largest metropolitan areas in the nation. As such, it enjoys the benefits of the larger urban center, Detroit, while still possessing suburban and rural characteristics.

The County Seat, Mount Clemens, is approximately twenty miles north of the City of Detroit, 80 miles north of Toledo and 285 miles northeast of Chicago. Excellent highway routes to Canada and all parts of the United States accentuate Macomb County's favorable location. The dynamics of the Detroit Metropolitan Area are reflected in the substantial residential, commercial and industrial development of the County.

The locational advantages of the County are among its best assets. These include:

- A good system of interstate, State and County highways, with more to be constructed;
- Close proximity to important business and industrial centers in the State;
- One of the largest multi-campus Community Colleges in the country;
- Large recreation facilities located within the County;

- Open land for the development of residential, commercial, industrial and recreational uses;
- Access to the commercial and recreational advantages of the Great Lakes.

These factors continue to play a large part in the growth of Macomb County. Currently, the population of Macomb County is approximately 686,000 persons.

Only 482 square miles in area, Macomb County is the ninth smallest of Michigan's 83 counties, yet it has a population which ranks third in the State and is larger than that of seven states and the District of Columbia.

Macomb Community College is the only institution of higher education in the County. Our Community College is a comprehensive multi-campus, public institution created by the people of Macomb County more than 30 years ago. From humble beginnings in rented classrooms, the college has grown to three campus sites and a current enrollment of more than 31,000 students.

Macomb County is known as "The Boating Capital of the World" since there are over 40,000 pleasure crafts registered in the County, most of which are berthed at the 91 marinas and at homes located on the many miles of canals and shoreline.

There are three privately licensed airports in the County. Selfridge Air National Guard Base in Harrison Township is the home of elements of the active Air Force, Air Force Reserve, Air National Guard, Army, Navy, Marine Corps and Coast Guard. Selfridge takes pride in being the only base to have permanently assigned flying units from all five of the uniformed services.

Each of the automotive "Big Three" has extensive operations in Macomb County, the largest being the General Motors Technical Center, located in Warren. The Tech Center is where many General Motors products are developed and it's often called "the magic square mile." The site covers more than 1,000 acres and the entire research complex was designed by Eero Saarinen.

Chrysler Corporation has eight operations in the County, including the new Sterling Heights Assembly Plant which began operation in late 1984.

Romeo is the home of Ford Motor Company's Michigan Proving Grounds and Engine Plant, two of eight Ford operations located in Macomb County. Ford's newly expanded Vinyl Plant and Paint Plant in Mount Clemens, two automotive assembly operations in Utica and Chesterfield, the Sterling Axle Plant and the Van Dyke Transmission and Chassis Plant complete Macomb's Ford family.

Agriculture is an important industry in Macomb County. Its diversified program includes such products as roses, mushrooms, bedding plants, sod, cash crops, vegetables, nursery stock, fruit, dairy and beef. These are but a few of the total of twenty-one different agricultural enterprises flourishing in Macomb County.

GENERAL INFORMATION

COUNTY OFFICERS

The Michigan Constitution provides that the voters of each county must elect a Prosecuting Attorney, Sheriff, County Clerk, Register of Deeds, County Treasurer and Drain Commissioner or Public Works Commissioner every four years.

CLERK AND REGISTER OF DEEDS

Macomb County has combined the Clerk and Register of Deeds offices and Edna Miller holds that office.

Over 1,110 different services are performed by the office of the County Clerk, most of them statutory.

The County Clerk is clerk of the Circuit Court and clerk of the following boards: Board of Commissioners, Board of Election Commissioners, Tax Allocation Board, Board of County Canvassers, County Plat Board, Civil Service Commission — Macomb County Sheriff Department, Election Scheduling Committee and Concealed Weapons Licensing Board.

Other functions of the Clerk are primarily record keeping in nature. The Vital Records Section has records of county births and deaths from 1867, marriage licenses issued from 1819. Certificates of assumed names and co-partnerships, records of discharges of military personnel and records of these persons authorized to practice certain professions are some of the various records the Clerk is required by law to keep. The Clerk issues marriage licenses, notary public commissions, concealed weapons permits and processes passport applications.

All Circuit Court cases, both civil and criminal, are started in the Clerk's office and records of these cases, dating from 1848 are kept there.

The Clerk's Election Department conducts state and

county elections. The canvass of votes in state, county, school and some city and township elections is under the jurisdiction of the County Clerk who is responsible to the Michigan Secretary of State for certified results of elections.

The Register of Deeds records all deeds and mortgages which have to do with properties located within the boundaries of Macomb County. All subdivision plats within the county are also on record in the Register's office. Financing statements on automobiles and other personal property are filed, as are attachments, lis pendens, federal tax liens, Michigan tax liens, mechanics liens and Sheriff's deeds.

PROSECUTING ATTORNEY

The Prosecuting Attorney, Carl J. Marlinga, is the chief law enforcement officer in the County. The office is established by the Michigan Constitution and the duties and qualifications of the Prosecuting Attorney are set by statute.

The Prosecuting Attorney is a sworn impartial arbiter, charged with the conduct of criminal prosecution of the violations of state criminal laws in the interest of the people. As a minister of justice, he is also charged with defending those unjustly accused.

He represents the County in all Courts of the County and before the Supreme Court and Court of Appeals in criminal matters in which the state or county is interested. Several units provide specialized services in several key areas: Victim-Witness Unit, Consumer Protection Division, Anti-Drug Unit and Auto-Theft Division.

In Macomb County, the Prosecuting Attorney's office is on the Sixth Floor of the Court Building. It is staffed with 47 attorneys — Prosecuting Attorney Marlinga and his 46 appointed Assistants. They service the District Courts, Municipal Courts, the three divisions of Probate Court and nine Circuit Courts.

PUBLIC WORKS COMMISSIONER

The basic job of Macomb County Public Works Commissioner Thomas S. Welsh is to build more livable land.

It's an assignment that thrusts his office into the forefront of a wide range of public works activities . . . management, sewage treatment, solid waste disposal, subdivision plat review, soil erosion control, parks and recreation, and construction of storm drains, water lines and sanitary sewers.

His involvement in these programs is extensive and includes responsibility for initial planning, final design, sale of bonds, securing federal/state grants, construction, inspection, maintenance, repair, administration and debt retirement.

Facilities owned or operated by the office include four sewage treatment works, 45 waste water pump stations, 688 miles of storm drains, 185 miles of sanitary sewers and 45 miles of water lines.

The Public Works Commissioner is chairman of the Intra-County Drainage Boards, secretary/member of the Inter-County Drainage Boards, agent for the Macomb County Waste Water Disposal District and a statutory member of the Parks and Recreation Commission and Technical Review Committee of the County Solid Waste Planning Committee.

COMMUNITY MENTAL HEALTH SERVICES

The Community Mental Health Services Board is responsible for providing mental health, substance abuse, and developmental disabilities services in the county through both directly operated and contract agencies. The program is supported by state and county funds as well as individual fees and insurance reimbursement.

There are a number of service programs funded by the agency, including a 24-hour telephone crisis center; a 24-hour psychiatric emergency service; mental health outpatient centers for children and families; mental health outpatient centers for adults; substance abuse treatment and prevention programs; rehabilitation workshops/day programs for developmentally disabled persons; limited residential services; counseling and diagnostic services; client services management functions; a rape crisis program; vocational services; mental health and substance abuse programs for persons in the county jail; and recreational drop in centers.

MACOMB COUNTY COMMUNITY SERVICES AGENCY

Macomb County Community Services Agency (MCCSA) is one of 32 Community Action Agencies in Michigan whose purpose is to promote economic and social opportunities through which the low-income, disabled and elderly can achieve greater independence, dignity and self sufficiency.

The Agency consists of a number of human service programs, including: General Community Programming, three Community Action Centers, Weatherization, Targeted Fuel Assistance (TFA), Head Start, Day Care, Commodity Food Distribution, Food Stamp Distribution, Transportation, Senior Citizens Chore Service, Emergency Food, Senior Citizen Nutrition, Meals-On-Wheels, and most recently Career & Community Corners (a community development project).

Programs are initiated and overseen by the Macomb County Committee on Community Economic Opportunity and the Macomb County Board of Commissioners. MCCSA is operated using County funds in conjunction with the Department of Health and Human Services, the Department of Energy, the Department of Labor/Bureau of Community Services, the Office of Services to the

Aging, the U.S. Department of Agriculture, and the Area Agency on Aging, Region 1-B.

CONCEALED WEAPONS LICENSING BOARD

Michigan law states that the Prosecuting Attorney, the Sheriff and the Commissioner of the Michigan State Police, or their respective authorized deputies, shall constitute boards exclusively authorized to issue licenses for carrying concealed weapons to applicants residing within the county. The County Clerk is the clerk of the board and issues such licenses as approved by a majority of the board.

COOPERATIVE EXTENSION SERVICE

The Cooperative Extension Service is one component of Michigan State University's Education Program established in 1914 under the authority of Federal Smith Lever Act (38th Statute, Law 372) and Michigan Public Act 65, Laws of 1915, and subsequent amendments. Funds are provided to "... aid in diffusing among the people of the United States useful and practical information on subjects related to Agriculture and Home Economics and to encourage the application of the same..." Cooperative Extension Service is jointly financed by U.S. Department of Agriculture, Michigan State University and Macomb County Board of Commissioners.

SHERIFF

Sheriff William H. Hackel's jurisdiction encompasses the entire County. As a law enforcement agent, it is his sworn duty to enforce all laws and to protect the lives, property and welfare of the people.

So that he may fulfill these obligations, he maintains a Sheriff's Patrol, a Marine Patrol, SCUBA divers, polygraph facilities, identification bureau and many other services.

In addition, it is his responsibility to confine and secure all prisoners in the County jail, providing them with proper food and health facilities.

Not only does the Sheriff have criminal jurisdiction, his responsibility also deals in civil process.

The Sheriff is one of three members of the Concealed Weapons Licensing Board.

TREASURER

The Office of the County Treasurer exists by virtue of Michigan law, the functions of which are dictated by state statutes, along with guidelines of the Bureau of Local Government Services Audit Division, as agent for State Treasury Department. As County Treasurer, Adam E. Nowakowski, is custodian of all monies and securities of Macomb County. By virtue of his office, he is Treasurer of the County Employees' Retirement System and a voting member of the County Election Commission and County Plat and Tax Allocation Board.

Some of the duties and functions of your County Treasurer include, but are not limited to, the following:

1. Agent for the State to conduct the annual May Tax Sale.
2. Administrator of the Michigan State Inheritance Taxes.
3. Administrator of dog licenses in unincorporated units of government in Macomb County.
4. Administrator of deed and plat certifications within Macomb County.
5. Administrative agent for the Delinquent Tax Revolving Fund.
6. Responsible for collection of Personal Property Delinquent Taxes.

One of the Treasurer's primary and mandated duties, per State Statute, is to settle with all local units of government within Macomb County for delinquent real tax collections. Hence, your County Treasurer becomes responsible for the collection of all delinquent real property and contracted personal delinquent taxes. In 1991, the County Treasurer will commence collecting personal delinquent taxes for those local units who con-

tract for this service. This will amount to approximately 75 percent of all personal delinquent taxes in Macomb County. As the administrative agent for the Delinquent Tax Revolving Fund, the County Treasurer borrows funds by issuing short term notes. The proceeds from these notes are distributed to all units of government for immediate use of their approved tax levy. The short term notes are retired by the collection of delinquent taxes and earned interest. The local school districts, intermediate school, Huron-Clinton Metropolitan Authority, Cities, Townships and Villages in Macomb County appreciate the prompt receipt of funds. The 100% Tax Payment Program was adopted by your Board of Commissioners in 1973.

BOARD OF CANVASSERS

Each county must have such a board to canvass all state, county, school and some city, township and village elections. After the primary and general elections, the board reviews, analyzes and scrutinizes results to determine who has been nominated in primary elections and which candidates are elected in general elections. After the general elections, the board delivers certificates of election to the County Clerk. The board is also empowered to conduct recounts in certain elections.

Non-formal education programs in Macomb County are provided in agriculture, horticulture, natural resources, public policy, home economics, nutrition, and in youth development (4-H). Specialists in subject matter areas at Michigan State University support county staff with programs and services which require special technical knowledge.

MACOMB COUNTY CRIMINAL JUSTICE MANAGEMENT INFORMATION SYSTEM (MACMIS)

The Macomb County Criminal Justice Management Information system is an umbrella for the County's Computerized Jail Information System that is integrated with the National Law Enforcement Information Network. This system functions under a MACMIS Policy Committee which is represented by the Circuit Court Prosecuting Attorney's Office, Sheriff Department and Macomb County Management Services Department. The system services each such department as well as the Probation Department, Judicial Aide, and Friend of the Court. This Committee is appointed by the Board of Com-

missioners, is responsible for establishing policy that protects the privacy of individuals identified in the information system maintained by MACMIS and to regulate the collection, maintenance, use and dissemination of information in accordance with Federal, state and local legislation.

The MACMIS system is an integrated, comprehensive criminal justice system for courts - prosecutors - corrections components and is designed to provide a comprehensive method for timely data capture, access and retrieval of information. The Policy Committee reviews applications for terminal requests, provides security checks for all personnel assigned to have access to the computerized information, processes complaints against personnel for security violations, provides users training, dissemination of authorized material and acts as liaison for courts, law enforcement, and corrections components of the local criminal justice system.

MACOMB/ST. CLAIR PRIVATE INDUSTRY COUNCIL, INCORPORATED

Macomb County receives federal funds under the Job Training Partnership Act (JTPA) to operate an employment and training program which leads to unsubsidized employment for unskilled adults and youth.

To qualified residents of Macomb or St. Clair Shores all services are free. A variety of activities include Classroom and On-the-Job Training, as well as special programs for in-school youth and a summer jobs program for young people 14 to 21 years of age. The Macomb/St. Clair Private Industry Council also administers special retraining programs targeted at dislocated workers and individuals who are 55 years of age or older and interested in job placement.

In addition to assisting unemployed residents of Macomb and St. Clair Counties to enter the workforce, the Private Industry Council provides incentives to business to hire JTPA participants by providing wage reimbursement of up to 50% during the training period. Additionally, the PIC contributes funding to economic

development activities that generate employment opportunities. For more information contact 1-800-USA-JTPA.

MACOMB INTERMEDIATE BOARD OF EDUCATION

The Freedom Hill County Park, is the scene of many events including festivals, shows and musical events. Located in the park is the multi-purpose recreational Independence Building. The William Tucker County Park hosts picnicking and fishing.

PLANNING COMMISSION

The Department of Planning and Economic Development includes the Macomb County Planning Commission, created under the County Planning Act, P.A. 282, of 1945, as amended. Established in 1956, the eleven member Planning Commission is responsible for examining the existing needs of the County, projecting future growth for the next 20 to 30 years, and suggesting a means by which this growth can be guided. The Department of Planning and Economic Development provides staff support for the Planning Commission.

Primary activities of the Department of Planning and Economic Development include research, program de-

velopment and undertaking special projects for the Board of Commissioners as well as providing planning, graphic arts and audio-visual assistance to other County departments. The Planning Staff conducts a wide range of major program activities under the direct auspices of the Board of Commissioners. Major projects which are being given high priority are an aviation feasibility study, a transit private sector initiative feasibility study, regional infrastructure development policies and the monitoring of major thoroughfare and public transit programs.

In addition, the Department prepares detailed maps of the County and individual municipalities, including school districts and road systems. It is the central coordinating office for U.S. Census activities and also prepares statistical reports on population, economic, land use and other planning related activities.

Primary responsibilities include efforts to retain existing businesses and attract new businesses, assistance for initiation or expansion or businesses, and assistance in financial and site location.

A plat is a plan or description for subdividing land. State law requires that a County Plat Board be created to examine and pass upon all proposed plats as to suitability, conformity to general plan, possible conflicts with other plats and conformance with street and alley layouts of adjacent plats. This board consists of the Chairman of the Board of Commissioners, the County Clerk and Register of Deeds and the County Treasurer.

The duties of the Road Commissioners are to formulate policies and oversee their implementation. The Road Commission receives their main revenues from the State gasoline and weight tax. The Commission constructs, operates and maintains 2,942 lane miles of County primary and local roads and 756 bridges and drainage structures. Further, the Road Commission maintains 166 miles of State Trucklines and Freeways, under contract, for the Michigan Department of Transportation.

SOCIAL SERVICE BOARD

The law requires that each county create a Social Services Board consisting of three members. The Board is responsible for supervising and evaluating the administration of adult hospitalization, medical care facilities (Martha T. Berry Memorial Medical Care Facility) and county foster care for children. The Board also represents the "public interest" and assures appropriate accountability for programs and services administered by the Macomb County Department of Social Services.

DEPARTMENT OF SOCIAL SERVICES

The program and administrative costs of the Department are both state and federally funded. The employees are classified as state employees under the jurisdiction of the rules and regulations established by the Michigan Civil Service Commission as well as by labor contracts. The County department, under the direction of the Michigan Department of Social Services, administers the following financial assistance programs — Aid to Dependent Children, General Assistance, Food Stamps, Emergency Needs, Medical Assistance. It also administers the following social services programs — Children's Protective Services, Adult Protective Services, Adoption, Foster Care, Community based services for Delinquent Children, Foster Care Home licensing, Employment and Training programs, Adult Services and Prevention Services for Families.

BOARD OF TAXATION (EQUALIZATION DEPARTMENT)

This department maintains assessment and equalization records, surveys, assessments and assists the Board of Commissioners in the matter of equalization of assessments and assists the local assessing officers in the performance of any duties imposed upon such officers. This includes development and maintenance of accurate property descriptions, the discovery, listing and valuation of properties for tax purposes and the development and use of uniform evaluation standards and techniques for the assessment of property.

TRAFFIC SAFETY ASSOCIATION OF MACOMB COUNTY

State law allows each county to establish countywide traffic safety organizations. In 1965 the County established the Traffic Safety Association of Macomb County to provide assistance to all public officials in dealing with traffic safety matters, and to work with the general public in accident prevention through education. Programs included are school safety, crossing-guard training and senior citizen safety, which are presented at no cost.

Operating funds and leadership are provided by local communities, the county and private industry. In addition to direct assistance to communities, the Association develops public information for the motoring public to assist in making Macomb a safer place for everyone to drive and walk in. Also provided are National Safety Council Defensive Driving Courses for a nominal fee.

The Alcohol Highway Safety Program is administered by the Association. The program is an educational approach to the problem of drinking and driving. Judges and Secretary of State personnel refer participants to the program.

NOTES

NOTES

Dominating the emblem of Macomb County is the County outline flanked by a sailboat and three gears which represent recreation and industry, two of the county's greatest assets. The banner traversing the symbol, representing progress. The date, 1818, is the year Macomb County was established. Circumscribing the emblem are the words Macomb County and Michigan, separated by five-pointed stars — symbols of quality.
